The Financial Education Center presents:

2010 Financial Coaching Clinic

Do you have financial goals but trouble sticking with ‘the plan’? The Financial Coaching Clinic is a selective program to match you to a trained ‘coach.’ Your coach is not a financial advisor and has nothing to sell, but will help you keep track of your financial goals and work with you to reach your goals.

This 10 week program begins mid-February with weekly coaching workshops through April. The program requires about 30 minutes of your time per session, and you may choose to participate in as many or as few as you like. Workshops will be held at the Financial Education Center (FEC) at the Villager Mall, 2300 S. Park St. You can work on making and sticking to a budget, fixing your credit, paying off bills, increasing savings or a number of other topics.

A Certified Financial Planner® will be available to answer specific questions.
