December 4, 2014

TO: Past State 4-H Livestock Quiz Bowl & Skillathon Participants
FROM: Bernadette (Bernie) O'Rourke, Extension Youth Livestock Specialist
Alissa Grenawalt, Extension Outreach Specialist
RE: 2015 State 4-H Livestock Quiz Bowl & Skillathon Event

The Quiz Bowl & Skillathon Contests will be held together again on Saturday, March 7, 2015. The contest will start with registration at 9:00 a.m. with the competition starting at 9:30 a.m. I encourage youth to participate in both contests. The deadline for participation is February 27, 2015 (in my office – not postmarked) this is a strict deadline as there is much to coordinate. The decision was made in an effort to save in traveling time/costs, staff time and participant time.

All information is on the Extension youth livestock website at
<http://fyi.uwex.edu/youthlivestock/programs/quizbowlskillathon/>

Updates for 2015: Since we have had a couple years of combing these events together, there is much that can be learned.

1. **Skillathon scoring** – We will scan the written test by using a bubble sheet, but will hand score the skillathon stations in an effort to give out awards at the end of the day. However we do reserve the right to perhaps not have results to report for whatever reason. The Dairy Management state 4-H contest announces results sometime the next week. We will do what we can.

Other updates from previous years:

1. **Friendly reminder:** There is to be **NO** talking of parents or coaches in quiz bowl rooms, hand gestures and cell phones are OFF. As per the rules, contest management reserves the right to remove anyone from quiz bowl rooms if behavior and conduct are of question. As I've always stated, of all the questions we ask there inevitably will be issues with some. That's the joy of this contest, empowering youth to ask for clarification.
2. To assist in allowing coaches to comment on questions, I will have a form to fill out where you need to state the division, round and paraphrase the question and state your thoughts on the question. You can drop it in a box where the quiz room coordinator will be.
3. **Change in Quiz Bowl** – phase one will have 8 questions rather than 12 questions. This is an effort to speed up matches and reflects national rules.
4. **Change in rule** - In an effort to keep matches moving along and to follow the national rules – questions will NOT be re-read. The only event that they will be re-read for the other team is if the question wasn't fully read-the team buzzed in during the reading of the question.
5. Make sure the kids are acknowledged before they answer a question. Points will be deducted. Also make sure the team captain is answering all the bonus questions, no other members.
6. Parents aren't allowed in the skillathon area of the stations. Youth are usually done with this by noon or so, I will communicate a time when they are open for viewing for coaches and parents.
7. **Timing of events** – be mindful on getting all the pieces done for both skillathon and quiz bowl. After last year, you might be able to gauge that better. We had kids still doing team exercises

at 4:30 p.m.; this makes it difficult for timely results. Please defer other activities until you are able to get all the components done. We all want to get home at a decent time – this will assist on a realistic completion.

8. We hope to offer the 2nd place senior quiz bowl team the opportunity to go to the National Western Stock Show in Denver. They have a livestock quiz bowl competition. However, for this coming year there will not be traveling funds from the 4-H Foundation, perhaps in future years.

Some usual reminders:

1. It is the responsibility of the teams to bring resources into the room for challenges during the quiz bowl contest.
2. You can bring food, however **PLEASE** pickup after yourselves. There are food locations around campus, pizza and/or sub sandwiches can be ordered as well. Please don't bring food into the animal areas. We will not be breaking for lunch.

If you have any questions, please contact me at the above information. Study hard and look forward to seeing you in March!!

WISCONSIN STATE LIVESTOCK QUIZ BOWL

Saturday, March 7, 2015 – Madison, WI

University of Wisconsin – Madison Animal Science Building

9:00 a.m. Registration Start Promptly at 9:30 a.m.

Deadline: February 27, 2015 (in my office – not postmarked)

OBJECTIVES:

1. To provide an exciting and fun way for youth to explore their 4-H animal project.
2. To encourage youth to develop teamwork, self-confidence and decision making skills.
3. To develop committee member organization and leadership skills.

ELIGIBILITY:

1. Team members must be 4-H members in good standing in the county they represent. They need not, however, have to be enrolled in the livestock (beef, sheep, swine, meat goat) projects. The Extension Youth Livestock Specialist reserves the right to check eligibility.
2. Each team must designate a captain and a coach.
3. Selection of team members is up to each county. Teams should consist of four members, with a minimum of 3 members. (Only 4 members are seated at a time.) An alternate is suggested.
4. **There will be three age divisions in the livestock bowl contest. The junior division made up of four members under 14 years of age as of January 1, 2015. A senior division will be for teams of four members who are all 14 years of age or older as of January 1, 2015 and that have not have reached their 19th birthday prior to January 1, 2015. A mixed team division has been designated for teams that are any combination and the team must contain at least one youth in each age division.**
5. Contestants may attend a college beyond high school and still compete. However, members who enroll in or audit an animal science course prior to the fall term are not eligible to compete. National Contest rules dictate eligibility and supersedes state contest policy.
6. The captain selected for each team need to be seated next to each other, in the middle.

BEHAVIOR AND CONDUCT:

4-H conduct and behavior expectations apply to all participants, coaches and spectators. **Officials in the room can and will hand out warnings to team members, coaches, etc., to anything they deem unsportsmanlike, sarcastic or out of line conduct or behavior.** A team will get 1 warning all day, 2nd warning – individuals will be removed from rooms for the rest of the day. Further consequences could follow. Inappropriate behavior will not be tolerated! Contest officials reserve the right to remove individuals, teams, parents, coaches at any time.

PROCEEDURE OF PLAY:

1. The contest is organized on a **double elimination** basis with teams competing in a series of one-on-one elimination matches, advancing on, until a champion team emerges. Teams will be assigned to the first round competition before the contest. Some teams may be awarded byes during the elimination as part of the assignment process. Teams face the judge, timer and score keeper. They don't face the audience to eliminate the chance mouthing answers and or using hand gestures to participants.
2. Coaches, parents, etc. may not challenge Livestock Quiz Bowl room officials. Challenges may only be initiated from youth team members. If a coach or a member of the audience disrupts the contest, they will be asked to leave. **NOTE: Challenges are on questions only not procedure of play.**
3. Three officials will conduct the bowl. A judge/moderator who asks the questions and maintains overall control, and who will rule on all responses and challenges. Others are timekeeper and scorekeeper.
4. **Mixed and Junior teams will have two phases in their matches: Phase 1 and Phase 3. Seniors teams will have phases 1, 2 and 3 during their matches.**

DESCRIPTION OF PHASES:

Phase 1: 8 questions total. This phase begins with one team starting in the room and the other team outside the room in isolation. (No discussion among team members during this phase).

1. Team 1 will begin this phase with the Captain of each team being asked an individual question, and rotating to the 2nd, 3rd, and 4th contestants of each team, respectively, until all eight questions have been asked. Therefore, each team member will be asked two general livestock questions in rotation.
2. Once Team 1 completes their phase, they will stand outside the room until Team 2 completes the same 8 questions in rotation.
3. Each question in this phase is worth 10 points with no deduction given for incorrect answers. No teammate assistance may be offered or received. **Questions will not be repeated.** Contestants have 5 seconds to answer the questions in this phase. If neither contestant buzzes in, the question dies and no points are awarded or lost.

Phase 2: (SENIORS ONLY) Phase 2 also consists of 8 questions. Each team will be asked 4 questions on alternating basis. Correct answers are worth 10 points, with no deductions for incorrect answers.

1. Teams can discuss questions prior to answering in this phase, but only the **Team Captain** can report the answer to the moderator. If anyone other than the team captain answers, no points will be awarded.
2. Answers must be started within 20 seconds after the question is read (starting an answer after the 20 second buzzer goes off is not acceptable).
3. Questions will primarily be fill in the blank, completion or short answer, but may include some multiple choice. When a team fails to answer the question in the allotted time or answers the question incorrectly, the moderator shall offer the question to the opposing team, **WITHOUT** re-reading it.
4. The opposing team may discuss the question and shall have 20 seconds (from the time the moderator offers the question) to begin an answer to the question.
5. The opposing team may discuss the question only after being offered to them by the moderator (not while the team originally asked the question is discussing it). Again, only the team captain reports the answer.

Phase 3: Consists of regular, toss-up and bonus questions with a possible total of 16 questions worth 10 points each. During this phase, any team member from either team can buzz in to answer a regular or toss-up question. Every 3rd question will be a toss-up question with a bonus attached. The only difference between a regular and a toss-up question will be that the toss-up questions will have a bonus attached.

1. **Scoring and procedures of regular and toss-up questions with no violation of play:** After the regular or toss-up question has been read, the first individual from either team to signal will answer the question within 5 seconds after being acknowledged by the moderator, or will lose 10 points. 10 points will also be deducted for incomplete or incorrect answers. In the event of an incorrect answer, the opposing team has the opportunity to answer after buzzing and being acknowledge by the moderator. The second team must buzz in within 5 seconds of being offered the question by the moderator. The question will NOT be re-read. If neither team can offer an answer within 10 seconds, the moderator will give the correct answer and neither team will forfeit points.
2. **Scoring and procedures of regular and toss-up questions with violation of play:** Any member answering regular or toss-up questions without being acknowledged will result in the deduction of 10 points from the team score. The opposing team has the option of answering the question within 10 seconds after receiving an offer from the moderator. The question will not be re-read. The second team must buzz in and be acknowledged by the moderator before answering.
3. **Bonus questions:** If a bonus question is attached to a correctly answered toss-up question, the moderator reads the bonus question and the team that answered the toss-up question is allowed to discuss the question. The question will not be re-read. Answers must be started within 20 seconds after the question is read. **Only the team captain may answer the question.** If anyone other than the team captain answers the question, no points will be awarded. Correctly answered bonus questions are worth 10 points. All parts of bonus questions must be answered correctly. No points are deducted for incorrect or incomplete answers to bonus questions. The opposing team does not have the opportunity to answer bonus questions.
4. If a bonus question was attached to an unanswered toss-up question or an incorrectly answered toss-up question, the bonus question dies with no points awarded and the moderator will read the next regular question.
5. **Pre-maturing buzzing:** When the buzzer is pushed before the question is completed red, the moderator will stop reading and that person must answer the question after being acknowledged. If the answer is incorrect or incomplete, 10 points will be deducted from the team score. The judge(s) will not ask for clarification of answers in these instances. Answers must be complete and correct. In the event that a multiple choice question must be answered before all the possible answers have been read, the contestant's answer must match the moderator's correct answer exactly, either by letter choice, or by the corresponding wording of the correct letter. If the answer is not complete and correct, the question will then be completely re-read and the other team will have the opportunity to answer it after buzzing and being acknowledged.
6. **Both teams buzz at the same time:** If the equipment allows a member of each team to buzz in at the same time or locks out all team members because they hit the button at the same time, and the moderator cannot determine which team member buzzed first, the question will be discarded and a new question will be selected by the judges.

- Questions will not re-read, except as in number 5 above.
- The score of both teams will be announced periodically.
- If a tie still exists, the first team to correctly answer the next question will be declared the winner.

CHALLENGES

1. No source of information is infallible. There may at times be answers given to questions that are in agreement with the recommended sources, but which are in fact erroneous. Every effort shall be made to eliminate such questions; but in the event of such an occurrence, any team may challenge the answer.
2. **Coaches cannot challenge, signal a challenge, or use a time out to prompt a challenge.**
3. Answers and interpretations of questions will be the sole responsibility of the judge. A decision made by the judge after the answer is verified will be final.
4. All challenges must be made after both teams have had a chance to answer the question and before the start of the next question.
5. Challenges must be resolved within a 2 minute time period.
6. The burden of proof from the listed references is with the team challenging.
7. Any team member or coach of the challenging team may look up information in the references.
8. References can only be opened during a challenge and must be provided by the teams.
9. All questions or contest procedures not immediately resolved by the judge should be referred immediately to the contest coordinator for clarification before proceeding.

PROCEDURE OF CHALLENGING

If an answer is ruled correct and is challenged by the opposing team:

- **Phase 1 & 2:** Only the designated team member may challenge after the answer is given and before the next question is asked. The team member that is eligible to answer that question is to say..."I challenge that ruling. The correct answer is ____." The team has 2 minutes to prove the challenge and the designated team member is to answer.
- **Phase 3:** After the answer is given and before the next question is asked, any seated team member may challenge by saying..."I challenge that ruling. The correct answer is ____." The team has 2 minutes to prove the challenge.
- If the challenge is **successful:** The original ruling is changed. The team that did not give the correct answer does not earn 10 points. If it is Phase 1, that team loses no points. If it is Phase 3, that team loses 5 points. The challenging team earns 10 points.
- If the challenge is ruled **unsuccessful:** The original ruling stands. The first team keeps their earned 10 points. Challenging team is recorded with one unsuccessful challenge. Each team will be allowed two unsuccessful challenges per match without penalty. After 2 unsuccessful challenges, there will be a 5 point deduction for each unsuccessful challenge.

If an answer is ruled as incorrect for both teams and is challenged by either team.

- **Phase 1 & 2:** After the judge rules incorrect and the opposing team member has had a chance to answer, but before the next question is read, the designated team member of either team may challenge by saying..."I challenge that ruling. The correct answer is ____." The team has 3 minutes to prove the challenge and designated team member is to answer.
- **Phase 3:** After the judge rules incorrect and the opposing team has a chance to answer, but before the next question is read, any seated team member for either team may challenge by saying..."I challenge that ruling. The correct answer is ____."
- If the challenge is ruled **successful:** The original ruling is changed. The challenging team earns 10 points.
- If the challenge is ruled **unsuccessful:** The original ruling stand. Challenging team is recorded with one unsuccessful challenge. Each team will be allowed 2 unsuccessful challenges per match without penalty. After 2, there will be a 5 point deduction for each unsuccessful challenge.

TIME-OUTS

1. A coach, team captain, or the moderator may call for a time-out for clarification of a rule, to replace team members, or to allow for unexpected problems.
2. Time outs maybe called only after a question has been answered and before the start of the next question.
3. There is a limit of 3 minutes for each time out, and a limit of 2 per team in each match.
4. Timeout will not be charged to either team for replacement of members between Phase 1 and Phase 2.

REPLACEMENT OF TEAM MEMBERS

1. Alternates can be subbed in during the completion of the phase.
2. During any match, one or two team members only maybe replaced at the panel when the moderator deems it impossible for one of the seated members of the team to continue in the contest.

3. The team member removed from a match becomes ineligible to return to the particular match. The team member removed and the replacement member are both eligible to participate in further matches.

QUESTIONS/REMINDERS

1. Only the first answer given is accepted and will be ruled as correct or incorrect. Any additional answers will not be considered.
2. All teams will be asked the same questions in the same round. In the next and subsequent rounds, a different set of questions will be used.
3. The moderator reads each question until the completion of the reading of the question OR until a contestant activates a buzzer.
4. If a buzzer is activated during the reading of any question, the moderator will immediately stop reading the question and recognize the participant buzzing in.
5. When the moderator recognizes (calls the name of) the participant "buzzing in", that participant has 5 seconds to begin to answer.
6. The repeating of the question by the contestant shall not be considered the indication of the answer.
7. No questions or any parts thereof shall be repeated during the asking.
8. Only if a question was not completely read due to an early signal by the first team, will the question be re-read for the second team.
9. When the first team answers a question incorrectly, the opposing team gets 10 seconds to activate the buzzer.
10. If neither team "buzzes in" within 10 seconds, the moderator will give the answer and neither team will score points.
11. If a question is thrown out either due to poor reading by the moderator or a decision of the judges, it will be replaced by another question, of the same degree of difficulty, so that a constant total number of questions will be asked.
12. If 2 teams buzz in at the same time and the buzzers cancel each other out, the question will be thrown out and a new one inserted.
13. It is the responsibility of the coaches to bring resources into the room for challenges.

OBSERVERS

1. **Watching contests:** No team members, coaches, parents or other spectators may watch any round other than their own match until that team has been eliminated from the contest. If someone is watching a contest other than his/her own before that team is eliminated, the team is disqualified from competition.
 - a. If a coach is responsible for multiple teams, they must choose ONE team to follow and if needed, select another volunteer to serve as the coach for the additional teams.
 - b. This includes a senior team watching a junior team or vice versa.
 - c. The contest coordinator will assign teams not competing in Round 1 a match to watch/observe in Round 1 only so they have a chance to hear the questions.
2. **Warning:** If any members, coaches, helpers or spectators share questions or answers with other teams, the team(s) of the offenders(s) will be disqualified. This includes mouthing or signaling during a match.
3. Talking or misbehavior of coaches or spectators: First time offenders will receive one warning for the day. Upon a second offense, the offending person will not be allowed to enter the contest room for the rest of the day.
4. Coaches may keep score. However score sheets will be collected at the conclusion of each match.
5. Since there are so many requests for the score periodically throughout the match, I'm allowing a volunteer from the crowd to keep score on the chalk board during the match. However, there will be no gesture or encouraging of answers from these individuals as they will be facing the competitors. The Judge will make the call on this if they deem this a problem and that individual will be removed from that position.
6. No notes may be taken and no tape recorders or video cameras may be used by anyone in the audience including coaches, during the conduct of the match.
 - a. At the first offense, tapes and material will be confiscated and a warning given.
 - b. Upon a second offense, the offending person will not be allowed to enter the contest room for the rest of the day
7. **Cell Phones must be off while in Quiz Bowl Rooms!! No Exceptions!!**

Quiz Bowl & Skillathon References

Updated 12/2014

The following is a list of references that will assist in preparing for livestock quiz bowl contests that involve beef, sheep, meat goat, and swine. Please note that actual references may deviate from this list in an effort to keep current with a rapidly changing livestock industry.

Websites & Current Event References:

A small percentage of questions will be based on current events in the beef, sheep and swine industries. Since studying from these may appear to be overwhelming, keep these points in mind. Think about major issues that has affected the livestock industry in many ways such as: animal diseases, exports, animal ID, environmental issues, and regulator changes. The following on-line resources will be used to develop these questions:

1. **American Sheep Industry Association** website at: www.sheepusa.org
2. **National Cattlemen's Beef Association** website at: www.beef.org
3. **National Pork Board** website at: www.pork.org
4. **American Meat Institute** website at: <http://www.meatami.com/>
5. **Pork Magazine** (questions related to current industry issues, at: www.porkmag.com, you need to subscribe for a free subscription.
6. **Beef Magazine** (questions related to current industry issues, at: www.beef-mag.com
7. **National Hog Farmer Magazine** (questions related to current industry issues), website at: <http://nationalhogfarmer.com/>
8. **Meatingplace.com** (an on-line community for red meat and poultry processors in North America, questions related to current industry issues, January) website at: www.meatingplace.com
9. **Drovers CattleNetwork** (questions related to current industry issues) website at: <http://www.cattlenetwork.com/>

Flash Cards

Retail Meat Cut Identification-Flash Card Set

This is the easiest way to teach or learn to recognize the common retail cuts of beef, pork, and lamb! These 5"x7" cards, with cut descriptions on the back, showcase 126 full-color photographs of the retail cuts of meat. Each image is printed on high-quality, glossy- finished card stock and comes in a custom-designed box.
